

Steampunk Exhibition Ball Sponsorship Information

What is the Steampunk Exhibition Ball?

The Steampunk Exhibition Ball is an annual event celebrating the creativity of steampunk while embracing the sex positive community. A fundraiser for the Center for Sex Positive Culture, the Ball has attracted hundreds of attendees to the Museum of History & Industry (MOHAI). Going into our third year, we expect to be the largest event in MOHAI's history and hope to reach the museum's full attendance capacity. The evening of January 28th, 2012 will offer something for everyone: a variety of absinthes in the Green Fairy Parlour, a swirl on the dance floor in the Waltzing Ballroom or with the DJ in the 1880's Gallery, an Art Gallery of local steampunk artists and a dazzling array of sexy steam punks all around. New to the Ball this year is The Lava Beds Cabaret, a showcase of local steampunk music, dance and performance as well as costume competitions on MOHAI's main stage.

Why Support the Steampunk Exhibition Ball and CSPC?

Steampunk, or “Victorian science fiction”, has a strong following in Seattle, as evidenced by the 2300+ attendance at *Steamcon III* this past October. Groups such as “Seattle Steamrats” actively plan dozens of events yearly and host weekly gatherings. It is an active, growing community with artisans, artists, musicians, performers, costumers, dancers, aficionados and advocates.

The Steampunk Exhibition Ball and its organizers have been an active part of this community and offer opportunities for local performers and artists to be seen. With an extensive reach into this community (just shy of 5,000 Facebook friends), the Ball is a great opportunity for organizations to reach this market.

The Ball is a fundraiser for the Center for Sex Positive Culture, www.sexpositiveculture.org. Founded in 1999, the Center for Sex Positive Culture is a nonprofit, membership-based community center. The Center's mission is to inspire and assist volunteers to produce experiential events where members can explore their sexual interests in a physically and emotionally safe environment.
